

Sperrin Integrated College

Staff Acceptable Use Policy.

New technologies have become integral to the lives of children and young people in today's society, both within schools and their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. They also bring opportunities for staff to be more creative and productive in their work.

Sperrin Integrated College wish to ensure that all users should have an entitlement to safe access to the internet and digital technologies at all times.

This Acceptable Use Policy is intended to ensure:
