

Work Schedule for Key Stage 4

Pupils in Years 11 and 12 should spend a **minimum of 5 hours per day (Monday- Friday)** doing distance learning. This is reflective of a typical school day.

Pupils should have received a class code for each of their subjects. They should check for updates from their teachers each day.

Teachers from most subjects will expect **one piece of work to be submitted electronically** via Google Classroom each week. This will allow feedback to be given where appropriate.

Physical Activity

We also suggest that doing a minimum of 20 minutes' physical exercise each day in a safe outdoor space (weather permitting).

Kind, Supportive and Helpful

In addition to distance learning, it is important that all our pupils keep physically and emotionally well. We recommend that our pupils take this opportunity to help and support their parents in whatever way possible by doing housework, helping younger siblings with their studies (Reading and Mathematics), gardening or cooking. This will ensure that everyone is supported in these very difficult times.

Thank you and good luck.
