

Work Schedule for Key Stage 5 (Sixth Form)

Pupils in Years 13 and 14 should spend a **minimum of 6 hours per day (Monday-Friday)** doing distance learning.

Pupils should have received a class code for each of their subjects. They should check for updates from their teachers each day.

Teachers from most subjects will expect **two pieces of work to be submitted electronically** via Google Classroom each week. This will allow feedback to be given where appropriate.

Physical Activity

We also suggest that doing a minimum of 20 minutes' physical exercise each day in a safe outdoor space (weather permitting).

Kind, Supportive and Helpful

In addition to distance learning, it is important that all our pupils keep physically and emotionally well. We recommend that our pupils take this opportunity to help and support their parents in whatever way possible by doing housework, helping younger siblings with their studies (Reading and Mathematics), gardening or cooking. This will ensure that everyone is supported in these very difficult times.

Thank you and good luck.
